Four Polling Places Will Be Maintained for Redwood City School Bond Vote

Anderson Soon To Open Office

General organization plans, including the providing of county headquarters, for the candidacy of John Z. (Jack) Anderson for congress from this district were considered last night by a group of his supporters when they met in Burlingame City Hall. Anderson met with them, and addressed the group, which included members of the county Republican Central Committee and their friends. Dep. Dist. Atty. Burress Karmel presided.

In his talk, Anderson, San Benito County rancher, told of his belief that greater centralization and concentration of power in the executive branch of the federal government is un-American and must be stopped.

"Nowhere in the world are people given the same freedom and security guaranteed us by our constitution," Anderson said. "Yet we have in our own county today people who would change all this. People who say our constitution is obsolete and that more of the vital functions of our government must be concentrated in the executive.

"Anyone who would change the basic principles must have a warped view of true Americanism."

"We need confidence; confidence in our government; confidence in ourselves. After all, we are the government. If the men we have placed in office charged with the responsibility of running the biggest business on earth are not fit for the job they must be replaced.

"Let's avail ourselves of our constitutional rights to effect a change. I believe it some of our rubber stamp representatives are replaced by men who have an honest desire to really represent the people, we will witness a restoration of confidence and start on the road to real and permanent recovery.

"Jobs and security for everyone are vitally essential."

Anderson concluded his statement by pledging the people of the district a "real job of representation" of all their interests and said he would not obediently follow the wishes of a party dictator in Washington.

Anderson also appeared before some 85 members of the Odd Fellows' lodge in Redwood City last night, being introduced by Noble Grand J. Gene Barrett and making a brief talk. The night before he had been a guest at the Redwood City Exchange Club and at the meeting of the Carpenters Union here.

ROLISON HAS IMPRESSIVE RECORD OF ACHIEVEMENTS

Solely on his impressive record of achievement as manager of San Mateo County and as an engineer and city manager for more than 20 years does Ernest A. Rolison seek election to the county executiveship which he now holds.

Having served more years as a city manager than any other man in California when he left the Redwood City managership, Rolison acquired experience which well qualifies him to fill the position of county manager, a post similar to that of manager of a city.

That he has this ability is evidenced in achievements recorded since he took the county office by appointment of the supervisors just 13 months ago.

Outstanding achievement of his administration is consolidation of the purchasing agent's office with that of manager. Not only has that saved the $3500 annual salary of the purchasing agent, it has brought a system of standardized purchasing in quantity lots on a competitive basis which, it has been estimated, will save the county $30,000 to $40,000 a year annually. In addition, Rolison assumed the duties of publicity agent, effecting a $3000 annual saving in salary of that position.

Rolison's experience in a managerial position began in 1916 in Redding, which he served for 10 years. When he left there, the Redding Courier-Free Press declared: "Rolison cleared the city of debt, made Redding one of the best paved towns in its class in the state, solved the sewage disposal problem with the purchase of the city farm, brought the fire department to far above par for a city of the sixth class, installed a street lighting system that is the pride of the north, and provided a city park that in a few years more will be a monument to his foresight. All this was done while taxes were steadily reduced."

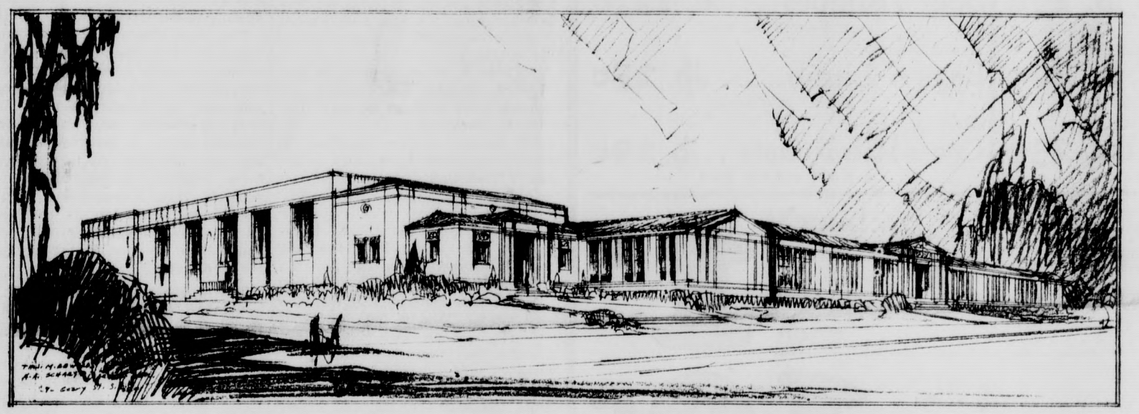
Rolison then served Santa Barbara as manager for a year, and when he left, H. A. Adrian, mayor, declared in a letter that Rolison "has discharged every duty of his office in a very creditable manner. He is energetic, fearless, and well-equipped for his work." Fred D. Jackson of the board of park commissioners said of his work: ". . . the city has saved much more than the amount paid to him. He is an enthusiast in his work, and I feel that any city that acquires his services is to be congratulated."

Rolison then came to Redwood City as manager, serving from 1929 to 1935, when he resigned to become principal engineer for the Rural Electrification Administration in Washington, one of President Roosevelt's New Deal agencies. He resigned there, however, after 15 months to take the San Mateo County managership. When he left Washington, John M. Carmody, REA administrator, wrote him: "I was sorry to be informed that you had resigned your position with REA, but when I learned of your new responsibility in California I concluded you had taken advantage of an opportunity to return to more sunshine . . ."

Rolison's period as manager in Redwood City was marked by continued progress for the city along with reduced tax rates. Such a record has he repeated as county manager. His friends believe he will continue that policy if elected to the office he now holds, which was made elective with the charter changes adopted a year ago.

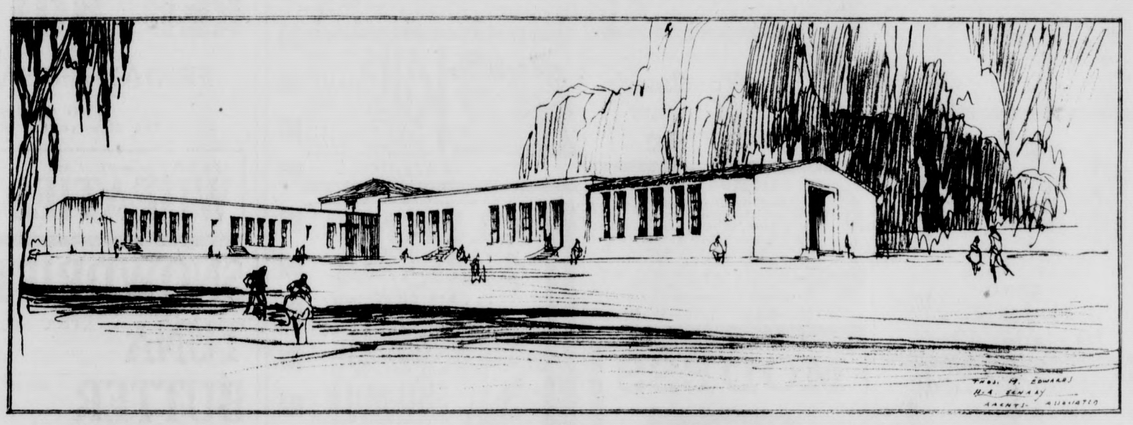
HOW SCHOOL BUILDINGS WOULD APPEAR

Voters of the Redwood City Elementary School District will decide at an election next Tuesday whether or not they should approve issuance of $88,000 in bonds to finance construction of three school projects. A PWA grant of $70,640 is sought.



AT LINCOLN SCHOOL, on Whipple Ave., a new auditorium would be built connecting with the existing building on the west side. Entrance to the auditorium would be on Whipple, as shown. At extre me left is a side view of the proposed new structure, with side exits. This building also would serve as a gymnasium. Cost would be $32,000. The building would be of stucco construction.

AT McKINLEY SCHOOL, on Duane St., a two-story, 10-room addit-ion would be built on the north side of the existing building, as shown on the right side of this sketch by Architect Thomas Edwards. This addition, of reinforced concrete construction, would cost $97,000.



AT GARFIELD SCHOOL, on Middlefield Rd., two new rooms woul d be added to the rear of the present building, as shown at right. Cost of this stucco addition would be approximately $15,000. Fur-nishings for all three buildings would cost approximately $14,000.

Election Set For Tuesday

Four consolidated polling places will be available for voters of the Redwood City Elementary School District when they cast ballots next Tuesday on a proposed $88,000 bond issue to finance construction of additions to three schools.

The polls will be located at:

1. **Central School** on Broadway at Middlefield Rd. All voters living east of El Camino Real and those residing west of El Camino Real between James and Oak Aves. will vote at this precinct.

2. **Washington School** on Woodside Rd. All voters living west of the highway and south of Oak Ave. will vote here. This includes the Selby Lane district and the area embraced in Atherton Precinct 4.

3. **Garfield School,** on Middlefield Rd. just south of the city limits. All voters of the Dumbarton Oaks, North Fair Oaks, Friendly Acres, Sweeney and Atherton Precinct 1 districts will vote here.

4. **Lincoln School,** on Whipple Ave. All voters living north of James Ave., west of El Camino Real, will vote here. This includes all residents of the Emerald Lake area and residents of the Eaton Ave. or Cordilleras district.

Voters who are puzzled as to where they should vote should telephone the grammar school office, Redwood City 320, which is open each day until 5 p.m. and will be open throughout the day election day.

Polls will be open from 6 a.m. to 7 p.m.

The school bonds have won unanimous indorsement of many civic and fraternal organizations in Redwood City, latest to vote approval of the bonds being the Kiwanis and Lions clubs, both of whom gave their support at meetings yesterday.

The $88,000 bond issue would be put with a $70,650 PWA grant which has been applied for to build a $97,000 addition comprising 10 rooms at McKinley School, a $32,000 auditorium-gymnasium at Lincoln School, and a $15,000 two-room addition at Garfield School, and $14,000 worth of furnishings.

That the district is well able to afford this expense was pointed out this morning by Chairman John W. Poole of the board of Trustees.

He said that the legal bonding capacity of the district (5 per cent of the $14,809,655 assessed valuation) is $740,482.75, but that outstanding bonds as of July 1 were only $187,000, leaving a leeway of $553,482.75.

All three trustees — Chairman Poole, Sec. C. G. Uhlenberg and Clarence M. Doxsee—as well as School Supt. Andrew Spinas were unanimous in their opinion that the proposed building program is essential and is the best which could be decided on at this time to take care of the rapidly increasing enrollment.

Labor Council Asks Hospital Changes

Deploring the "indifference" of the supervisors and attacking the board for not making improvements to Community Hospital since the board adopted a program for the institution, the San Mateo County Labor Council today demanded that the improvement program be started at once.

A resolution adopted by the labor body was sent to supervisors, county health officials and others, asking that the five-point program recommended by Edythe Tate Thompson, state health department tubercular division expert, be carried out.

ROLISON AND MARSHALL WIN INDORSEMENTS

Indorsement of two incumbent county officials' candidacies for re-election was announced today by the Highlands District Improvement Club.

Secty. Stuart Copps said that the club's directors had voted to recommend to the organization's approximately 500 members in the Emerald Lake region that both Manager Ernest A. Rolison and Engineer Urban S. Marshall be returned to office.

These two offices, considered the county's key positions, were the only ones on which stands were taken by the directorate, Copps said.

Signups Due Next Week

A call for actors, dancers, singers, horsemen and others interested in taking part in the annual pageant at the San Mateo County Floral Fiesta, Sept. 21-25, was issued here by Bruce Gibson, fiesta president, and Chester Lipman, manager.

All singers, musicians and horsemen will register and be interviewed at a meeting at George W. Hall School, Baldwin Ave. and San Mateo Dr., San Mateo, at 8:30 p.m. Wednesday, Aug. 3, by Lou Ashe, producer who will direct the pageant again this year.

Dramatic talent and dancers will be interviewed at the school auditorium at 8:30 p.m. Thursday and Friday, Aug. 4 and 5. Registrations will be taken any of the three evenings, however, Ashe said.

The pageant for this year's fiesta will be the "Rise of Don Largo," based on the novel, "Folded Hills," by Stewart Edward White. The play will be a continuation of the adventures of Andy Burnett, intrepid adventurer in early California, whose advent in the western mecca was dramatized in last year's fiesta pageant.

The "Rise of Don Largo," portrayed in song, dance and dialogue, will tell of California history from 1832 to 1846, prior to the discovery of gold. A cast which will number nearly 200 will present the story.

Heading a special pageant committee to assist Ashe in the play is R. H. Severin, who was assistant director of last year's pageant. On the committee are Mrs. John Fowler, prominent in San Mateo dramatics, and Mrs. Janice Robison, Burlingame High School dramatic coach.

Those who may try out for parts in the pageant include straight and character dramatic aspirants, romantic part players, choral or solo singers, guitar players, accordionists, fencers, male and female dancers and horsemen and horsewomen. Special features of the pageant will be a marine dance and a fencing number.

Headquarters of the fiesta will be moved Friday to the former site at 116 B St., San Mateo, with Manager Lipman in charge.

Hearing Scheduled For Checks Suspects

SAN MATEO, July 26 — Margaret Farr and Leslie Judson, both of San Jose, who are accused of passing fictitious checks on the Peninsula, will appear before Municipal Judge Arthur H. Stetson of San Mateo July 29 for their preliminary hearing.

The two were arraigned before Judge Stetson yesterday. He set bail for each at $2000 cash or $4000 bond.

Miss Farr and Judson were arrested in San Mateo Friday afternoon by Policeman John Murphy after the girl had cashed checks at three business firms.

600 MEN NOW WORKING ON PENINSULA AIRPORT

MILLS FIELD, July 25—Pick and shovel work of the 600 WPA workers who are employed at San Francisco Airport here is slowly but gradually shaping into a $5,000,000 improvement project which will make this San Mateo County field one of the nation's finest super land and marine air terminals.

A progress report disclosed today that WPA workers now are putting in approximately 4400 man hours a week, preparing, with picks, shovels and wheelbarrows, the subgrades for new paved runways and taxiways, leveling rock and earth hauled by truck from the San Andreas quarry. After this material is distributed it will be mixed with oil and asphalt and rolled into paved ways. The workers also are laying drain pipes and connecting them with a system of open drainage canals.

The improvement program was undertaken with funds from the $2,850,000 airport bond issue voted last November, which provides money for a sponsor's contribution to the federal project. Chief Construction Engineer L. T. McAfee said that the utilities commission guarantees the sponsor's contribution with the bond funds but the federal government pays the work relief wages plus $5 a man month toward cost of materials.

While this work proceeds, the Macco Construction Co. is moving coarse rock and earth from a South San Francisco quarry to build a levee out into the bay for extension of the airport. This is a $325,000 contract, involving the moving of 520,000 cubic yards of material. Later army dredgers will pump mud and shell out of the bay to (1) make a seaplane channel and landing field and (2) fill the extended land field with the levee. This will cost about $475,000, and provide accomodations at the marine base for the coast guard.

Other details of the improvement program are not definitely decided on.

BURLINGAME TAX RATE CUT

BURLINGAME, July 28—For the second consecutive year the Burlingame tax rate will be cut when the new budget is adopted formally by the city council. Meeting in a caucus session, four councilmen approved a $1.32 tax rate for the city. Last year's rate was $1.34.

Coast's Oldtimers Mourn Pioneer

HALF MOON BAY, July 27—San Mateo County Coastside's "old timers" today went to San Jose to attend funeral services for Mrs. Jessie Johnstone Fillmore, whose family came west across the plains in 1849 and built the famous "White House" in Half Moon Bay, headquarters for visitors in the early days of "Spanishtown."

Mrs. Fillmore's mother was one of the first school teachers to come to Spanishtown. She was referred to in New York as the "beautiful and brilliant Glorian Griffing, writer and educator," according to Supervisor Alvin S. Hatch, who has traced the Johnstone family history.

Miss Griffing married Thomas Johnstone and Jessie was born in 1868. She followed her mother's footsteps, teaching in Nevada before she married Fred B. Fillmore, son of James, a farmer, in 1890. Their three children, Donald and Ralph Fillmore of San Francisco and Glorian Fillmore of San Jose survive the mother. The deceased was a cousin of the late County Clerk John F. Johnstone.

After 50 years in Half Moon Bay, the family moved to San Jose in 1900, where Mrs. Fillmore continued her active work in the Methodist Church. She died Monday.

Beaches Again Littered With Oakland Waste

County Health Bureau Warns East Bay To Clean Up Mess

Acting on a strong protest from Dr. A. J. Belton, Burlingame dentist, the San Mateo County Department of Public Health Tuesday warned the City of Oakland to clear away garbage washed up on a mile stretch of sand north of Salada Beach.

Dr. Belton declared that he found a "deplorable condition" at the beach Sunday, and that it was "hardly possible to walk on some of the beaches without walking through this garbage."

He said he saw a glass jar containing gauze, probably soiled waste from some Oakland sick room, in the debris.

"There is no community in the United States that would or should have to stand for this," Dr. Belton declared.

Dr. Charles C. Gans, head of the health department, received assurances from Oakland that their men would clean the beaches this afternoon. Oakland, it was explained, dumps its garbage at sea. Under certain tidal conditions, the garbage is washed up on the San Mateo County shore.

Deep sea fishermen, who tried their luck Sunday four miles off the Half Moon Bay shore, complained that their boats were surrounded with floating cans and bottles from the Oakland garbage ship, and said that the fish, apparently feeding on garbage, refused to bite.

S. F. Supervisors To Submit Transit Problem to People

Peninsula commuters to San Francisco received new hope today of a solution of the transit problem, which, according to at least one survey, centers around the slow transportation to downtown San Francisco from the Third and Townsend St. station of the South-

The San Francisco supervisors voted 8-2 late Monday to submit to San Francisco voters a transit commission charter amendment proposed by Mayor Rossi's citizens committee on traffic and transportation. A date for submission was not inserted in the resolution which was passed, but it was expected Mayor Rossi would recommend inclusion of the proposition on a ballot at the proposed bond election tentatively set for Sept. 27.

The amendment provides for a 5-member commission to be appointed by Mayor Rossi and to function for three or four years. It would be financed by a 1-cent tax levy and would employ expert consultants. Its recommendations would be to the board of supervisors and administrative departments.

One phase of the commission's study no doubt would be directed to the situation existing between the S. P.'s station and the business district of San Francisco, criticized by Palo Alto commuters in the chamber of commerce survey under way there.

Laying the blame principally on one-man street cars, Palo Alto commuters reported that they experienced considerable delay in the "last mile" of their journey. In 144 returns received so far, 59 commuters blamed one-man street cars for the delay, 42 mentioned switching, 35 emphasized the need for better traffic regulation on Third St., 23 said a loop terminal would do much to solve the problem, 2 mentioned insufficient number of cars, according to Secty-Manager Joseph Donovan of the Palo Alto Chamber of Commerce.

Insanitary condition of the cars and buses was denounced by several commuters.

It was suggested also that such a survey be conducted by other chambers in Peninsula communities.

Other business before the San Francisco supervisors yesterday included:

Sale to Brown, Harriman & Co. of a $305,000 bloc of San Francisco Airport (Mills Field) bonds, effective interest rate 1.75 per cent, new record low in municipal financing.

Approval on final passage of $305,000 appropriation from airport bond sale revenue for continuation of work at the airport.

Authorization of acquisition of two parcels of land for improvement of the airport through condemnation proceedings.

Approval for second reading of an amendment providing for airport attendants and junior control operators.

The income which farmers in the United States receive from meat animals represents about 25 per cent of their entire cash income.

The California State Fair dynamometer in action, showing the test of skill and strength needed by entrants in the state-wide horse and mule pulling contest. Finalists for the State Fair, to be held in Sacramento September 2 thru 11, are being chosen from 250 teams entered throughout the state in district fairs and rodeo pulling events. Used to measure the pull of the teams, the dynamometer assures contests as thrilling as any football game for the thousands of spectators who witness the event.

Peninsulan To Aid Fair Floral Display

Norvell Gillespie of Burlingame, magazine garden editor, has been "borrowed" by the San Francisco Golden Gate Exposition Commission to make an extensive horticultural tour of the Pacific Coast in connection with the 1939 event.

Gillespie, exposition officials announced today, will leave tomorrow on a six-week tour. He will go first to Vancouver, B. C., and then work south to San Diego, visiting horticultural centers and advising nurserymen and growers on what to send to the fair.

Gillespie said San Mateo County's $6,000,000 Chrysanthemum industry will play an important part in the exposition floral display.

Stephen Vistica of Hillsborough will be another floral exhibitor at the fair. He will show his delphinium plants, which grow to a height of 10 feet.

New Directory Soon To Close

A new telephone directory for this community will shortly go to press, according to R. G. Drake, local manager for The Pacific Telephone and Telegraph Co., who urged persons contemplating changes in their listings or new installations to make their arrangements promptly.

Revisions of present listings will be included in the new book, if received at the telephone business office on or before Aug. 4, as will listings of telephones installed by that date, Drake said.

Delivery of the new directory is scheduled for the week of Aug. 30.

GRAND JURY 'REUNION' SET

SAN MATEO, July 27—Members of the 1935-36 San Mateo County Grand Jury will hold a reunion meeting tomorrow at 7 p.m. at the Perichon House, San Mateo, Councilman Edward R. McDonald of Burlingame, a member of the group, announced today. The jury, which became widely known as the "Knife and Fork Club," annually holds such reunions.

Letter Saves Youth From Jail Sentence

Judge A. R. Cotton's unopened mail Monday held the document which kept young Robert Shoots, Tracy painter, from going to jail.

Shoots was in court in the morning on an order to show cause why he should not be put away for failing to send his ex-wife, Nellie L. Shoots, a San Carlos waitress, $20 alimony as instructed.

"But I did send it," Shoots protested.

"To whom did you send it?" his attorney, John Manders, asked.

"To the judge," he answered.

Webb Files Appeal In Doctor's Suit

Atty. Gen. U. S. Webb has filed in the district court of appeal a petition for a writ of mandate to have set aside the judgment of Judge A. R. Cotton ordering a new trial for Paul Eid, former Burlingame physician, on morals charges.

Dep. Dist. Atty. Burress Karmel contended that the assertion of Bernard Sharon, Eid's attorney, that the case had lapsed because no appeal had been taken within the alloted time, was in error.

"There was no possible appeal from Judge Cotton's order," Karmel said. "The petition for a writ is one means of getting the case before the higher court."

The district court has issued an alternative writ of mandate on Judge Cotton to show cause why the judgment should not be set aside.

The attorney general not only represents the people, but the state board of medical examiners which revoked Eid's license to practice medicine, Karmel explained.

The former doctor charged that he was tricked into a plea of guilty to the morals charge. He was sentenced to 90 days in jail and fined $100. He served the term, did not pay the fine, and is free under a stay of execution pending determination of the case.

Long Search Ends For Assault Suspect

An eight-month search for Ray Castro, wanted in connection with assault and robbery charges since Oct. 26, has ended in Berkeley where police took the man into custody. Sheriff James J. McGrath said Castro would be returned to San Mateo County Monday to face prosecution.

Castro and George Stillings were accused by Charles F. Whifstrand of beating and robbing him in South San Francisco Oct. 26. Stillings was arrested, but released pending apprehension of Castro.

Whifstrand, a marine engineer, told the sheriff he was robbed of a valuable wrist watch.

Paul Walsh and his charming wife from San Diego were local visitors Sunday.

The local scout troop enjoyed a swim at the Palo Alto High School pool Wednesday night. Scoutmasters Beach and Oram are giving the boys this outing frequently.

Mr. and Mrs. W. H. Weeden, their daughter, Isabelle Weeden Lindquist, and her children, Billy and Emma Roberta, are spending the week-end in St. Helena.

The following members of Menlo Park Parlors, Native Sons and Daughters of the Golden West, attended the joint installation ceremonies of Palo Alto Native Sons and Daughters Monday night: Frances Maloney, Catherine Derry, Mary Fisher, Grace Loverich, Isabelle Weeden Lindquist, Norma Guglielmoni and W. H. Weeden. Dinner and dancing ended a delightful evening.

Grand President Edna Briggs of Sacramento has appointed Mrs. Lloyd Ryan of Menlo Parlor, NDGW, to be district deputy to Bonita parlor of Redwood City. Recently Mrs. Ryan, assisted by Catherine Derry, Laura Bartels, Mary Fisher and Frances Maloney, installed the officers of Bonita parlor .Mrs. Ryan and her staff were given gifts by Bonita parlor. Grand President Briggs visited Bonita parlor last evening and a large delegation from Menlo parlor attended the reception given the honored guest.

The homecoming field day has been postponed by the Men's Club of St. Joseph's from Aug. 6 to Saturday, Aug. 27, because of vacations. All the men of the district and men friends of St. Joseph's School of Menlo Park are invited to attend a meeting Thursday evening, Aug. 4, in the parish hall on Oak Grove Ave.

Wednesday evening, Aug. 3, Menlo parlor, NDGW, will give a card party in Central School. Games will start at 8:15 and score cards will sell for 25 cents.

The dedication of the Greyhound bus, "City of Menlo Park," Sunday afternoon at 2 o'clock will be a gala occasion. A procession is to be formed in front of the bus depot near the postoffice and march, headed by a band of 24 pieces, to the Central School, where a program will be rendered. Among the speakers will be Mayor J. E. Cooper, Congressman John J. McGrath, Senator William Gibbs McAdoo, Commander Scott of the radio, officials of the Greyhound company and several others. The musical part of the program will be brief. Dancing will follow. The "City of Menlo Park" will make its initial run Monday. It is the latest make and the finest of the Greyhound system.

Jack Z. Anderson, Republican candidate for Congress from the Eighth District, called on friends here this week. His supporters say he will carry Menlo Park by a big vote, and may lead his opponent in the county.

The O'Dell estate at Atherton is for sale and may be disposed of in a short time. It is one of the most delightful country places on the Peninsula. The O'Dells desire to live in San Francisco.

There is a big demand for cottages in Menlo Park, but there are none to be had for rental. After searching for several days, a newly married couple from San Francisco who wanted to reside here failed to find a house and had to go to Palo Alto, where rents are excessive.

James D. O'Kane and Thomas Kearney have been vacationing in Oregon. They are expected home today.

Carmel O'Keefe is entertaining Miss Pauline Smith, a former schoolmate, of Seattle, Wash. Miss O'Keefe recently returned from Lake Tahoe, where she spent most of the summer.

Mr. and Mrs. Frank Maloney have returned from their honeymoon and are occupying a cozy cottage in Stanford Park. Mr. Maloney plans to erect a home on his property on Middle Ave.

In the little town of Bunde, Germany, is a "cigar museum" which contains the world's largest cigar; nearly six feet in length and over two feet in circumference.

MODEL HOME PLAN STUDIED

The San Francisco Exposition Model Homes Tours Committee met for a discussion this week at the chamber of commerce, and set another meeting for next Monday for further reports of progress. Members of the committee are contacting various interested organizations to determine the possibilities of erecting one or more model homes in Redwood City to be inspected by visitors to the San Francisco Fair next year.

Campaign Set For October

Organization of Redwood City's new Community Chest was effected at a meeting Tuesday afternoon, directors announced today.

Named president was J. Elmer Morrish, manager of the First National Bank. Mrs. A. S. Kalenborn was elected vice president. J. A. Buhler, manager of the California-Broadway Branch, Bank of America, was named secretary-treasurer.

Other directors of the organization, created last Fall to function principally as a collection or campaign agency for charitable organizations in existence here, are Perry A. Bygdnes, Duncan Reynard and Louis B. Dematteis. All but Buhler were selected when the chest was formed. Buhler was elected by other directors to replace Dr. W. B. Langston, who resigned.

The board adopted by-laws and set the meeting date as the third Tuesday of each month at 12 noon at the First National Bank.

Date for this year's campaign was tentatively set for October. Inasmuch as the by-laws require that budgets be submitted at least 60 days before the campaign, organizations are urged to prepare their budgets at once.

Organizations which are expected to be in the chest are Boy Scouts, Girl Scouts, Young Men's Christian Association, San Mateo Preventorium, Salvation Army, and possibly others.

By-laws of the non-profit corporation provide that all persons subscribing $1 or more a year may become members. Directors, six in number, hold office for a year, or until their successors are elected. The directors determine which associations are eligible to participate in benefits of the chest. While all directors and officers serve without pay, provision is made for employment of an assistant if necessary, in discretion of the directorate. Annual meetings are set for the first Thursday of each March at 8 p.m.

The by-laws were prepared by Director Dematteis, who is deputy district attorney.

Fox-hunting has been a popular sport in England since 1750.

EVOLUTION OF HIGHWAY TRAVEL .... 26 YEARS OF PROGRESS

Since the days of the horse-drawn stage coaches, highway travel has always been interesting. Above are pictured various models of inter-city buses from the small jitney of 1911 to the Greyhound "Super-Coach" of today, hundreds of which are now operating over western highways and throughout the nation.

MENLO PARK, July 29 — On Sunday at 2 p.m., Pacific Greyhound Lines will christen one of the newest and most luxurious members of the Greyhound fleet, "The City of Menlo Park." City officials will officiate at the christening, and Comm. A. W. Scott, commentator on the Grey hound radio show, "Romance of the Highways," will tell tales and "unreal realities" gathered from all parts of the world. The chamber of commerce is also planning a program for the dedication.

"City of Menlo Park" will be clearly inscribed across the front of the new super-coach, which will travel the highways from El Paso to Portland, and east to Salt Lake City. Travelers in the western states will learn from a plaque, placed prominently inside the coach, of the attractions offered by Menlo Park and the surrounding country—a plaque inscribed by the Menlo Park Chamber of Commerce to be donated by Greyhound at the ceremony Sunday afternoon.
